Good Morning. I understand that Sheila Woods on Bates Canyon Rd has requested a kennel license. This letter is in support of her obtaining one in Tooele County.

Sheila and her family have always been very responsible animal owners. I have lived 3 houses East of them for 11 years. My husband has lived there since 1992. The Woods have lived there for several years. I am not sure when they moved in but I was already there. In that time we have never had a problem with their dogs, horses, or cows. They keep their place clean and the animals are very healthy, and they have been all around good neighbors.

I hope this information is helpful.

Sincerely,

Anna Marie Vail  
Neighbor
